HEATCRAFT SUPPORTS ATMOSPHERE AUSTRALIA AS SILVER SPONSOR

Following the overwhelming success of ATMO2016, Heatcraft is proud to support ATMOsphere Australia as Silver Sponsor.

ATMOsphere Australia 2017 will take place in Sydney on 2 May 2017. The conference is promoted as 'the natural refrigerant event of the year'. It promises to be a unique opportunity to meet and exchange opinions with market-leading end users, contractors, suppliers, policy-makers and government representatives.

As a leading manufacturing and wholesale distribution business serving the HVAC and Refrigeration industry across Australia and New Zealand, Heatcraft distributes Kirby branded CO₂ parallel rack systems, condensing units and evaporators, as well as specialising in engineered to order refrigeration systems.

The company's flagship Kirby eCOBoost CO₂ Transcritical Rack offers a modular footprint design for customisation and easier installation. Efficiency can be optimised using parallel compression and ejector technology.

As part of the Heatcraft Worldwide Refrigeration group, Heatcraft Australia is connected globally with leading brands Bohn, Larkin, Climate Control, Chandler, and Kysor/Warren. In 2015, Kysor Warren achieved EPA's highest possible certification for its NH₃/CO₂ Cascade Refrigeration System manufactured for a Piggly Wiggly supermarket store in Columbus, Georgia.

Heatcraft Australia is committed to manufacturing next generation refrigeration systems that not only minimise environmental footprint, but also maximise savings and operational benefits for the end-user.

To register your attendance at ATMO Australia 2017, visit <https://atmosphere-australia.doorkeeper.jp/events/54512> . For more information about Kirby Refrigeration Systems, contact your Heatcraft representative on 13 23 50.

About Heatcraft:

Heatcraft Worldwide Refrigeration is the long-standing leader in the world of commercial refrigeration, providing climate-control solutions to customers in more than 70 countries. Heatcraft has long been known for combining innovative technologies with precision engineering to design refrigeration systems capable of meeting the demands of the most rigorous operating environments.

As part of Heatcraft Worldwide Refrigeration, Heatcraft Australia and New Zealand is a leading wholesale distribution business catering for the refrigeration and air conditioning trades with a distribution network of over 70 wholesale outlets. Through our partnership with Lawrence & Hanson Electrical we're expanding our distribution footprint to bring even greater access to a complete range of HVAC+R and Electrical products. Our exclusive brands include Kirby, Lennox, Gas2Go, InterLINK and Smart@ccess.

Heatcraft is committed to being your HVAC&R Business Partner.
