Word Count: 168

**ENJOY THE BENEFITS OF GOING CORDLESS**

**NEW at Heatcraft is the NEW Blackmax® Cordless Vacuum Pump, brought to you by CPS. This lightweight and portable cordless pump is ideal for small A/C installs, small commercial service and install, domestic, automotive and on sites where power supply is an issue.**

Many other cordless vacuum pumps are supplied skin only (excluding battery and charger). The BLACKMAX® VPC2S-18VC Cordless Vacuum Pump is supplied with a 6.0Ah battery to ensure you have the right amperage battery for usage of up to 1 hour run time.

The BLACKMAX® VPC2S-18VC Cordless Vacuum Pump also comes with a normally closed solenoid valve. The solenoid valve closes once the battery is about to run out. This is designed to ensure there is no cross-contamination of system and vacuum pump oil once the battery runs out. It also has the advantage of holding the vacuum, so you won't lose the vacuum if the battery runs out.

To order your BLACKMAX® VPC2S-18VC Cordless Vacuum Pump contact your nearest Heatcraft branch on 13 23 50.

## Your HVAC&R Business Partner

### **About Heatcraft:**

Heatcraft Worldwide Refrigeration is the long-standing leader in the world of commercial refrigeration, providing climate-control solutions to customers in more than 70 countries. Heatcraft has long been known for combining innovative technologies with precision engineering to design refrigeration systems capable of meeting the demands of the most rigorous operating environments.

As part of Heatcraft Worldwide Refrigeration, Heatcraft Australia and New Zealand is a leading wholesale distribution business catering for the refrigeration and air conditioning trades with a distribution network of over 70 wholesale outlets. Through our partnership with Lawrence & Hanson Electrical we're expanding our distribution footprint to bring even greater access to a complete range of HVAC+R and Electrical products. Our exclusive brands include Kirby, Lennox, Gas2Go, InterLINK and Smart@ccess.

Heatcraft is committed to being your HVAC&R Business Partner.
