

Manitowoc® Ice Storage Bins, Ice Dispensers and Ice Machines

NEW to Heatcraft is the Manitowoc range of ice machines

When it comes to commercial ice machines, Manitowoc is on the cutting edge of technology and conservation. Innovations have been made in sanitation, energy savings, noise levels and serviceability, and as a result Manitowoc ice machines are able to achieve the highest levels of energy and water conservation.

To simplify maintenance, Manitowoc ice machines have a built-in exclusive patented technology that automatically cleans or sanitises the water distribution system. "S" models also have a hinged 'swing-open' front panel for quick and easy access to the food zone for cleaning.
